

# Tar Gone

## SAFETY & CLEANING LIQUIDS

A revolutionary new bitumen cleaner and degreaser, which in its form is non-hazardous, user friendly and will not harm the environment. Ideal for use as a substitute for harsh chemical/hydrocarbon solvents used in the mining and engineering sectors to clean and degrease steel ropes, cables and equipment soiled with bitumen.

## BENEFITS OF TAR GONE

- **Easy and safe to use**
- **Manufactured from natural solvents**
- **Quick penetration**
- **Safe on all metals**
- **Environmentally friendly**
- **Non – corrosive**
- **Pleasant fresh odour**
- **No Protective clothing or respirators required**
